**DIRECTOR OF PUBLIC WORKS AND DEVELOPMENT
APPOINTED FOR BRIGHTON**

Brighton, ON – The Council for the Municipality of Brighton announced today the appointment of Andrew Drzewiecki to the position of Director of Public Works and Development. Mr. Drzewiecki is a Professional Civil Engineer with over 30 years of engineering experience, including 20 years of municipal experience with the City of Mississauga in project management, City of Toronto in design and construction management for infrastructure projects, and the Regional Municipality of Durham in project management and contract administration. Most recently Andrew held the position of Regional Program Manager for Aecom in Libya, where he managed the infrastructure and housing development for 17 development projects concurrently at a value in excess of \$500 million.

Mayor Mark Walas stated “I am very pleased that our extensive search has resulted with the appointment of Andrew Drzewiecki. He possesses a wealth of knowledge and experience in the many areas that public works entails which will be of tremendous value to the municipality.”

“Andrews knowledge, engineering and educational background will be instrumental as we embark on long term infrastructure planning and improvements throughout the municipality” remarked CAO Gayle Frost.

“I am honored to serve the Brighton Community as Director of Public Works and Development” stated Mr. Drzewiecki. “I look forward to working with the dedicated staff to continue to provide the excellent services our residents expect every day.”

Mr. Drzewiecki will assume his responsibilities with the Municipality of Brighton effective June 9, 2011.
