**The Municipality of Brighton unveils process to create their

The Municipality of Brighton is developing a comprehensive Community Development Plan that will identify, prioritize, and allocate resources to its various community development activities.

*"It is absolutely vital that we receive input from residents, businesses, and community groups during the planning process for our future development priorities." said Councillor Craig Kerr, who sits on the steering committee. "The community's ideas and opinions will help to shape our goals for the future and so we need to hear from as many voices as possible."*

Beginning in late November, the Municipality, with the assistance of the consulting firm McSweeney & Associates, will be reaching out to the public to gather input and perspectives pertaining to Brighton's community development opportunities in the following key areas: Tourism, Creative/Cultural, Retail/Commercial, Industry/Manufacturing, and Recreational. Residents, community groups, and businesses are encouraged to register to attend specific focus groups in the above-mentioned areas to provide input.
