

Once approved, the Source Protection Plan will further refine the limits of the wellhead protection area delineated on Schedule “C” and provide policy direction to guide development within this area. Policies developed through the creation of the Source Water Protection Plan shall be incorporated into this Official Plan by way of amendment.

### **3.11.3 Identification of New Groundwater Information**

If new information becomes available concerning the identification of groundwater features and related surface water features and areas which are necessary for the ecological and hydrological integrity of watersheds, the Municipality will work with the appropriate provincial ministries and the local Conservation Authority to prepare more detailed policies and mapping and incorporate such policies and mapping into the Official Plan by amendment.

## **3.12 SCHOOLS**

The Municipality recognizes the importance of community schools to residential neighbourhoods and to the community as a whole.

### **3.12.1 Accommodation Planning**

The school boards having jurisdiction in the Municipality of Brighton shall determine, in conjunction with the Ministry of Education and the Municipality, the size and timing of new required educational facilities. At such time as the school boards have completed long-range accommodation planning, the proposals may be added to this Plan by amendment.

### **3.12.2 Requirements for Development**

Before any development that will generate additional pupils is approved, the Municipality shall be assured that the necessary pupil accommodation and any required school bussing will be provided.

## **3.13 RENEWABLE ENERGY GENERATION FACILITIES**

All renewable energy systems are regulated by the Province of Ontario in accordance with the Green Energy Act, S.O. 2009, as amended from time to time, and its implementing regulations.
