**Addendum No. 2**

Date: Thursday, May 9, 2019

RE: Tender PW 2019-04  
Storm Sewer Manhole and Catch Basin Cleaning

From: Preston Parkinson, Director of Public Works and Infrastructure

.....  
QUESTIONS and ANSWERS (in RED)

Question(s):

1. The specification provide a disposal location for the accumulated sediment, however I was unable to find information on decanting the liquid portion. Can you please provide details as to where we will be allowed to decant the liquid portion collected?
2. The procedure section specifies the location of the catch basins and manholes. Would you please provide the breakdown numbers as to how many are catch basins and how many are manholes?
3. I was unable to find any information regarding double catch basins. If there are double double catch basins would the unit payment be per lid? If not, can you please provide the number of double catch basin?

Answer(s):

1. Decanting as per all applicable legislations, regulations and Ontario Resources Act.
2. No, we don't have this information.
3. Price per Lid.
